Part X, Line 2:

On July 1, 2009, the organization adopted FASB ASC 740-10, Accounting for Uncertainty in Income Taxes. This pronouncement seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. It prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. An entity may only recognize or continue to recognize tax positions that meet a "more likely than not" threshold. The organization assesses its income tax positions based on management's evaluation of the facts, circumstances and information available at the reporting date. The organization uses the prescribed more likely than not

environments that encourage children to realize their potential.

Triple P draws on social learning, cognitive behavioral and
developmental theory as well as research into risk factors associated
with the development of social and behavioral problems in children. It
aims to equip parents with the skills and confidence they need to be
self-sufficient and to be able to manage family issues without ongoing
support. The Center for Family Services has practitioners trained and
accredited in several levels of Triple P and provides the program to
parents and families in their home, community, and office setting. The
Triple P Practitioners provide the program in English and Spanish.
Triple P is offered through a grant from Children's Services Council of
Palm Beach County to all parents who reside in Palm Beach County.

In FY 2017-2018, the Triple P Program served 249 parents/caregivers in
the community.

completed.

Teen Triple P provides parents and caregivers of teenagers from 12 to 16 years of age, with parenting support interventions on a weekly one-on-one basis. After thorough family assessments, parents set their own parenting goals, learn ways to encourage positive behavior in their teens, and learn how to teach their children new skills such as problem solving, conflict resolution and self-regulation. Parents also learn ways to use appropriate consequences for misbehaviors (e.g., breaking family rules, taking inappropriate risks, and emotional outbursts, among others.) Parents who benefit from this program are those that have concerns about their teenager's development and behavior. They may be concerned that their relationship with their teen is not positive, or that their teen has not learned independence and self-regulation skills, or maybe that they have not found an effective way to discourage inappropriate or risk-taking behavior. Parents are most likely to benefit from Teen Triple P services if they are committed to complete 10 weekly sessions for about one hour each one. Center for Family Services of Palm Beach County, Inc. provides Teen Triple P to parents and caregivers living in Palm Beach County through the funding of Children's Services Council. Teen Triple P services are provided in English, Spanish and Creole in the office, clients' homes and community settings.

In 2017-2018, the Teen Triple P Program served 106 parents/caregivers in the community.
