Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. OPPORTUNITY, INC. OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Opportunity, Inc. of Palm Beach County (the Organization) is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied to the preparation of the financial statements.

Organization

Founded in 1939, Opportunity, Inc. of Palm Beach County became a Florida based 501(c) (3) not-for-profit Corporation in 1948. The Organization offers a comprehensive nationally accredited program of school readiness training, fine and performing arts, recreation, health and nutrition, social development and field trips. Each program is specifically designed to prepare children to begin kindergarten on an equal footing with their higher income classmates. The Organization currently serves 96 children and their families and there are currently more than 300 children on the waiting list. The Organization is rated four stars by Charity Navigator, is accredited by the National Accreditation Commission, has received the Gold Seal of School Excellence from the Florida Department of Children and Families and is a Strong Minds Network Provider through the Children's Services Council of Palm Beach County. Opportunity employs fully certified preschool teachers who are required to pursue continued education in early childhood development.

Basis of Presentation

The accompanying financial statements include the assets, liabilities, net assets, revenues, and expenses as determined using the accrual basis of accounting. The Organization reports information regarding its financial position and activities according to three classes of net assets. The following is a description of each class:

Unrestricted Net Assets - not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes by the actions of the Board of Directors.

Temporarily Restricted Net Assets - subject to donor-imposed stipulations that may be fulfilled by the actions of the Board of Directors or become unrestricted at the date specified by the donor.

Permanently Restricted Net Assets - subject to donor-imposed stipulations that are to be maintained permanently.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of public support and revenue, and expenses during the reporting period. Actual results could differ from those estimates.

Contributions and support

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received are recorded as unrestricted, temporarily restricted, or permanently restricted depending upon the existence and/or nature of donor restrictions. Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets, as applicable. Within temporarily restricted net assets, amounts are reclassified to unrestricted net assets when restrictions expire.

Tuition Income

Tuition fees are billed weekly and are recognized as revenue in the period in which the related services commence. Tuition fees are charged on a sliding fee scale according to a family's ability to pay.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (CONTINUED)**

Grant Income

The Organization receives various grants from state, local and private agencies for its program and supporting services. These grants are generally on a cost reimbursement basis. Revenues from grants are deemed earned and recognized on the Statement of Activities when expenditures are made for the purposes specified.

Fund-Raising Activities

The Organization's financial statements are presented in accordance with Accounting Standard Codification 958 ("ASC") *Accounting for Costs of Activities of Non-For-Profit Organizations and State and Local Governments Entities that include Fund Raising* (formerly statement of position 98-2), The ASC established criteria for accounting and reporting for any activity that solicits contributions.

Donations

Assets donated to the Organization are recorded at fair value if determinable, at the date of donation. The Organization reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used.

Investments

Investments consist of a managed portfolio of mutual funds and equity securities which are reported at their fair values on the statement of financial position. Investment returns are presented on the statement of activities as investment income, net and includes dividends, interest income, realized and unrealized gains and losses on investments, net of investment fees. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers money market accounts and all highly liquid investments purchased with a maturity of three months or less (if any) to be cash equivalents.

Subsequent Events

Subsequent events have been evaluated through October 19, 2017, the date the financial statements were available to be issued.

NOTE 2 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

Investments are measured and disclosed at fair value on a recurring basis by applying ASC 820, *Fair Value Measurements and Disclosures*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date. To increase consistency and comparability in fair value measurements and related disclosures, ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels, as follows:

Level 1 inputs – These are quoted prices (unadjusted) in active markets for identical assets or liabilities that the organization has the ability to access at the measurement dates, such as stock quotes;

Level 2 inputs – These are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly in active markets, such as yield curves or other market data;

Level 3 inputs – These are unobservable inputs for the asset or liability, such as discounted cash flows.

The level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the measurement in its entirety..

The following is a summary of the fair value classification of investments at, June 30, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed Income / Low Volatility	\$ 410,750	\$ -	\$ -	\$ 410,750

Total Investments at Fair Value	<u>\$1,635,924</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,635,924</u>

The following is a summary of changes in investment fair value, which is presented as Investment income, net on the Statement of activities for the year ended June 30, 2017:

In planning and performing our audit of the financial statements, we considered Opportunity, Inc. of Palm Beach County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Opportunity, Inc. of Palm Beach County's internal control. Accordingly, we do not express an opinion on the effectiveness of Opportunity, Inc. of Palm Beach County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Opportunity, Inc. of Palm Beach County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
