ACCOUNTABILITY

A trusted organization for over 78 years.

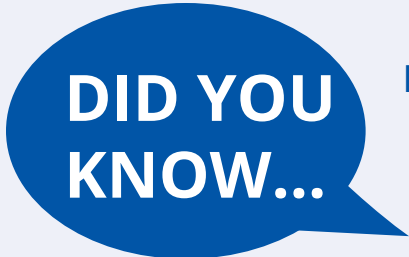

LOCALLY FOCUSED. LOCALLY INVESTED.

At the Town of Palm Beach United Way, we believe that every person that calls Palm Beach County home deserves an opportunity to thrive. We help those in need live their best lives by developing, supporting and investing in impactful programs and partnerships that strengthen education, health and financial stability. Our grant investments are data-driven and aimed at addressing important issues that lead to sustainable and measurable change in our community.

For 78 years, the Palm Beach community has powered the Town of Palm Beach United Way's ability to help those most in need overcome everyday challenges. We think about immediate needs and long-term solutions because we know that thousands of people across Palm Beach County struggle every day to make ends meet. With your generous support, we will be ready to help underserved men, women and children in our county.

More than 150,000 children and adults in Palm Beach County go to bed hungry each night

For mothers like Meghan, United Way supported food programs make all the difference. Meghan is a mother of three small children living in Palm Beach County. Her husband lost his job during the pandemic and the family could not afford to purchase food.

That all changed when Meghan heard about CROS Ministries food pantries. She started receiving groceries from the pantry until her husband found work. The pantry helped her family keep food on the table during a very difficult time.

For kids like Michael, United Way supported health programs make all the difference. Michael, 16, has a medical condition that prevents him from walking and makes it difficult for him to use his arms. He requires costly medical equipment such as powered wheelchairs and orthotic supports. His family struggled to afford the supplies necessary to care for Michael.

That all changed when Michael's family found Clinics Can Help. The agency provided free medical equipment to help improve Michael's mobility and allow him to live a normal life.
