Independent Auditor's Report

Board of Directors
Children's Case Management Organization, Inc.
d/b/a Families First of Palm Beach County and
Families First of Palm Beach County Foundation, Inc.
West Palm Beach, Florida

Opinion

We have audited the accompanying combined financial statements of Children's Case Management Organization, Inc. d/b/a Families First of Palm Beach County (a nonprofit organization) and Families First of Palm Beach County Foundation, Inc. (also a nonprofit organization) (combined, hereinafter referred to as the Organization), which comprise the combined statement of financial position as of September 30, 2025, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of the Organization as of September 30, 2025, and the combined changes in their net assets and their combined cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Combined Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with U.S. GAAP; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise a substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Other Reporting Required by *Government Auditing Standards*

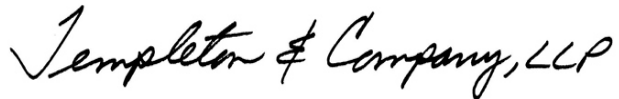

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2025, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Report on Combining Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying combining information as of and for the year ended September 30, 2025, is presented for purposes of additional analysis of the combined financial statements rather than to present the financial position, changes in net assets, and cash flows of the individual entities, and it is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the combined financial statements. The combining information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining information is fairly stated, in all material respects, in relation to the combined financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited the 2024 combined financial statements, and our report dated December 16, 2024, expressed an unmodified opinion on those audited combined financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2024, is consistent, in all material respects, with the audited combined financial statements from which it has been derived.

NOTES TO COMBINED FINANCIAL STATEMENTS

Note 1 – Nature of Activities and Summary of Significant Accounting Policies

Nature of activities

Since 1990, Children's Case Management Organization, Inc. d/b/a Families First of Palm Beach County, a Florida non-profit corporation, has served over 61,273 children and families. Families First of Palm Beach County, through innovative programs, promotes generational change by addressing families' emotional, physical, and social well-being. Families First prevention and early intervention programs reduce rates of domestic violence, poverty, homelessness, and addiction, directly attacking the issues that keep families in a state of trauma and threaten a child's growth and development.

Families First Maternal and Infant Mental Health Programs support children and families at the earliest point possible, from prenatal care to age five. We build strength across communities through outreach and delivery of our proven programs, TOPWA, Healthy Families, Child First, and Infant Mental Health.

- **Targeted Outreach for Pregnant Women (TOPWA)** conducts street outreach to marginalized high-risk pregnant women providing education, advocacy, and connection to appropriate health care resources and medical services. 100% of at-risk pregnant women were linked with needed medical care and/or essential community resources; 100% of pregnant women were linked with a medical payer source to receive prenatal care; 100% success rate with babies born HIV negative.
- **Healthy Families Florida** is a nationally accredited family support and coaching program that helps parents provide the safe and stable environments children need for healthy growth and development. The program improves childhood outcomes and increases family self-sufficiency by empowering families through education and community support. 92% of participants received at least seventy-five percent of home visits according to the participant level; 98% of target children were up-to-date with well-child checks at 24 months of age; 100% of target children enrolled six months or longer were linked to a medical provider; 100% of children remained free from abuse and neglect during service and 100% of children were free from abuse and neglect post service one-year follow up.
- **Child First** provides a professional team (developmental clinician and care coordinator) offering early childhood intervention services (dyadic therapy, parent education, advocacy and linkage to meet basic needs) to vulnerable families with children (birth to age five), experiencing trauma. 100% of the service needs for families were identified and met for clients opened four or more months; 100% of the early care mental health observations were completed; 93% of families completed services successfully. Of the families discharged, 100% of those families improved in at least one domain.
- **Infant Mental Health** addresses the immediate emotional needs of the family and provides support, creating a comprehensive safety net for young children from birth to five. 97% of students enrolled for therapeutic services improved in social emotional functioning – ASQ-SE at discharge assessment; 100% of students enrolled in therapeutic services completed treatment goals identified at onset of services; 100% of students identified during classroom observations as needing additional therapeutic or developmental services were identified and staffed with school personnel; 85% of Head Start teachers increased awareness of student's social emotional and developmental needs and classrooms showed increased cultural sensitivity and social emotional climate from beginning of school year to end.

Families First Behavioral Health and Community Support Programs support families with children ages 5 to 22, including help for kinship or guardian care givers and assistance with stable housing. Here is where we build resilience: given tools and encouragement, children and families can learn and practice skills to overcome hardship. When future challenges come, they are faced from a place of confidence, resourcefulness, and strength.

Note 1 – Nature of Activities and Summary of Significant Accounting Policies, Continued

- **Behavioral Health Services (BHS)** provides trauma-informed therapeutic intervention services to high-risk children/youth (ages five through twenty-two) and their families. 96% of children/youth had a reduction in mental health symptoms based on CFARS; 97% of children/youth maintained stable behaviors in their home; 95% of children/youth maintained stable behaviors in their school.
- **Kin Support Project** provides counseling support, education, advocacy and critical linkages to community resources (legal, health, basic needs, etc.) to vulnerable relative caregiver children and their families. 99% of kinship families received social work/supportive counseling to address mental health and social service needs; 96% of 20 relative caregivers received support group services; 100% of families were successfully linked to supportive services; 100% of relative caregiver children remained in the care of their relatives and not placed in the foster care system
- **Bridges to Success** provides intervention services and affordable safe housing for homeless children and families. 100% of families remained housing stable. 100% of families maintained or increased their income, including wages and/or benefits.

In April 2012, Families First of Palm Beach County Foundation, Inc. (the Foundation) was created specifically to promote and support the mission, goals and activities of the Children's Case Management Organization, Inc. (the Corporation). The Corporation and the Foundation (combined hereinafter referred to as the Organization) are presented in these financial statements on a combined basis.

Principles of combination

The accompanying combined financial statements include the accounts of the Corporation and the Foundation. Intercompany transactions, balances, and profits are eliminated in the combined financial statements.

Basis of presentation

The accompanying combined financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Net assets

The combined financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Net assets without donor restrictions – Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purpose specified in the corporate documents and its application for tax-exempt status, and any limits resulting from contractual arrangements with creditors or others that are entered into in the course of operations.

Net assets with donor restrictions – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization or the passage of time and net assets subject to donor-imposed stipulations to be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the earnings on related investments for general or specific purposes. The Organization's unspent contributions are included in this class if the donor limited their use, as are its donor-imposed endowment funds.

Net assets, continued

When a donor's restriction is satisfied either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the combined financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

Net assets restricted for acquisition of building or equipment (or less commonly the contribution of those assets directly) are reported as net assets with donor restrictions until the specified assets are placed in service by the Organization, unless the donor provided more specific directions about the period of its use.

Classification of transactions

All revenues and net gains are reported as increases in net assets without donor restrictions in the combined statement of activities unless the donor specified the use of the related resources for a particular purpose or in a future period. All expenses and net losses, other than losses on endowment investments, are reported as decreases in net assets without donor restrictions. Net gains on endowment investments increase net assets with donor restrictions, and net losses on endowment investments reduce that net asset class.

Revenue and support recognition

The Organization recognizes revenue from supporting activities in the period that the supporting activity is provided, and amounts received in advance are recorded as deferred revenue.

Contributions

Unconditional promises (contributions and grants) to give are recognized as contributions when the promise is received. Unconditional promises to give that are expected to be collected in less than one year are reported at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value at the date of promise. That fair value is computed using a present value technique applied to anticipated cash flows.

Amortization of the resulting discount is recognized as additional contribution revenue. The allowance for uncollectible promises to give is determined based on management's evaluation of the collectability of individual promises. Promises that remain uncollected more than one year after their due dates are written off unless the donor indicates that payment is merely postponed.

The Organization reports non-cash contributions as without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as donor restricted contributions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Grants

Resources from government grants and conditional promises to give are recorded as revenue when the related costs are incurred. All other grants, unless restricted, are recorded as revenue when the grant is awarded.

Note 1 – Nature of Activities and Summary of Significant Accounting Policies, Continued

Cash and cash equivalents

Cash and cash equivalents include non-interest bearing accounts, interest bearing accounts, and other highly liquid investments with an original maturity of three months or less. As of September 30, 2025 and 2024, there were no cash balances with donor imposed restrictions included in cash and cash equivalents.

Investments

Investments include equity funds, marketable securities, mutual funds, corporate bonds, fixed income funds, certificates of deposit, and a donor advised account. Investments, other than the donor advised account, are measured at fair value based on quoted market prices. The donor advised account is redeemable based on its net asset value (NAV). The resulting fair value is intended to represent a good faith approximation of the amount the Organization could reasonably expect to receive from the investment if the interest were sold at the time of valuation, based on information reasonably available to the manager at the time the valuation is made.

Investment income and realized gains and losses on investments are recognized upon realization. Unrealized gains and losses are recognized based on changes in fair values during the period. Net investment returns or losses are reported in appropriate net asset classifications based upon the existence of donor restrictions, if any.

Investments are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near-term.

Property and equipment

Property and equipment are stated at cost if purchased or, if acquired by contribution, at the estimated fair market value on the date of contribution. The Organization's policy is to capitalize renewals and betterments acquired for greater than \$2,500 at acquisition, and expense normal repairs and maintenance as incurred. The Organization's management periodically reviews whether events or circumstances have occurred indicating that the carrying amount of long-lived assets may not be recovered. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets ranging from 5 to 7 years.

Leases

The Organization determines whether an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets and current and non-current operating lease liabilities on the accompanying combined statement of financial position.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at the commencement date based on the present value of lease payments over the lease term. The discount rate used to calculate the present value of the Organization's leases is based on the risk-free rate, the lease term, and other available information at the commencement date since the leases did not provide a readily determinable implicit rate. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain the Organization will exercise that option.

FAMILIES FIRST OF PALM BEACH COUNTY FOUNDATION, INC.**

NOTES TO COMBINED FINANCIAL STATEMENTS, CONTINUED

Note 1 – Nature of Activities and Summary of Significant Accounting Policies, Continued

Leases, continued

Lease expense is recognized on a straight-line basis over the lease term. The Organization's lease agreements do not contain any material residual value guarantees or material restrictive covenants. The Organization elected to not recognize the lease asset or lease liability for leases with an initial non-cancelable term of less than one year and no option to extend.

Income taxes

The Organization has been recognized by the Internal Revenue Service (IRS) as exempt from federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been recorded in the combined financial statements. The Organization is required to operate in conformity with the provisions of the IRC to maintain its exempt status.

Management analyzes tax positions in jurisdictions where it is required to file income tax returns. Based on its evaluation, management did not identify any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly increase or decrease. Interest and penalties attributable to income taxes, if any, are included in operating expenses. No such interest or penalties were recorded for the years 2025 or 2024. The Organization is no longer subject to income tax examinations for fiscal years prior to 2022.

Compensated absences

The Organization accrues vacation pay as a liability when benefits are earned by employees which occurs when (1) the employee has performed services that give rise to the vacation liability and (2) it is probable that the benefits will result in compensation in some manner such as in cash, termination payments or in time off, prior to retirement. The Organization allows employees to accumulate and carry over up to forty (40) hours of unused vacation leave.

Use of estimates

The preparation of the combined financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting period and the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the combined financial statements. On an ongoing basis, the Organization's management evaluates the estimates and assumptions based upon historical experience and various other factors and circumstances. The Organization's management believes that the estimates and assumptions are reasonable in the circumstances; however, the actual results could differ from those estimates.

Fair value disclosures

The combined financial statements provide for fair value disclosures for financial instruments for which it is practicable to estimate fair value. The fair value of the Organization's cash and cash equivalents, program funds receivable, and liabilities approximates their carrying value.

Functional allocation of expenses

The cost of providing the Organization's various programs and supporting services have been summarized on a functional basis in the accompanying combined statement of activities. Expenses that can be identified with a specific program or support service are charged directly to that program or support service.

D/B/A FAMILIES FIRST OF PALM BEACH COUNTY AND
FAMILIES FIRST OF PALM BEACH COUNTY FOUNDATION, INC.**

NOTES TO COMBINED FINANCIAL STATEMENTS, CONTINUED

Note 1 – Nature of Activities and Summary of Significant Accounting Policies, Continued

Functional allocation of expenses, continued

Costs common to multiple functions have been allocated among the various functions benefited using a reasonable allocation method that is consistently applied, as follows:

- All allowable costs are charged directly to programs, grants, activity, etc.
- Allowable direct costs that can be identified to more than one program are prorated individually as direct costs using a base most appropriate to the particular cost being prorated.
- All other allowable general and administrative costs (costs that benefit all programs and cannot be identified to a specific program) are allocated to programs, grants, etc. using a basis that results in an equitable distribution.

Management periodically evaluates the basis on which the costs are allocated when new space or programs are added. General and administrative expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Organization.

Fundraising costs are expensed as incurred, even though they may result in contributions received in future years. The Organization generally does not conduct its fundraising activities in conjunction with other activities. In the few cases in which it does, such as when the annual report or donor acknowledgements contain requests for contributions, joint costs have been allocated between fundraising and general and administrative expenses in accordance with standards for accounting for costs of activities that include fundraising. Additionally, advertising costs are expensed as incurred.

Note 2 – Liquidity and Availability of Resources

Financial assets available for general expenditures within one year of September 30, 2025 and 2024, are as follows:

	<u>2025</u>	<u>2024</u>
Financial assets:		
Cash and cash equivalents	\$ 997,353	\$ 895,608
Investments	2,347,114	2,034,238
Program funds receivable	<u>782,719</u>	<u>660,139</u>
Total financial assets	4,127,186	3,589,985
Less financial assets held to meet donor-imposed restrictions:		
Purpose-restricted net assets (Note 8)	(992,363)	(916,743)
Less financial assets not available within one year:		
Board-designated endowment fund (Note 8)	<u>(186,996)</u>	<u>(170,403)</u>
Amount available for general expenditures within one year	<u>\$ 2,947,827</u>	<u>\$ 2,502,839</u>

The above table reflects donor-restricted and any board-designated endowment funds as unavailable because it is the Organization's intention to invest those resources for the long-term support of the Organization's programs. However, in the case of need, the Board of Directors could appropriate resources from the donor restricted funds available or board-designated endowment funds, for general use. Note 9 provides more information about those funds and about the spending policies for all endowment funds.

As part of the Organization's liquidity management plan, the Organization invests cash in excess of daily requirements in cash equivalents and short-term investments.

Total	<u>\$ 2,347,114</u>	<u>\$ 2,034,238</u>

Note 4 – Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date.

Level 2 – Quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of the fair value require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Organization's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Investments are measured at fair value. Accounting guidance provides for the use of NAV as a practical expedient for estimating the fair value of the fixed income funds and private funds. Accordingly, NAV reported by fund management is used to estimate the fair value of the Organization's interest.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used during the year ended September 30, 2025:

Equity funds and marketable securities – determined at the reported daily market value of the equity funds and marketable securities.

Fixed income funds - Fixed income securities are valued using methods, such as dealer quotes, available trade information, spreads, bids and offers provided by a pricing vendor.

Corporate bonds – corporate bonds are valued based on the last trade price of the fiscal year. When a bond has not been traded on the last day of the fiscal year, the price is obtained from an independent third party pricing company.

Note 4 – Fair Value Measurements, Continued

Mutual funds - Required to publish their daily NAV and to transact at that price. The mutual funds are deemed to be actively traded.

Donor advised account - The donor advised account with Community Foundation for Palm Beach and Martin Counties (Community Foundation) is valued at the NAV of the account at the end of the year.

Certificates of deposit – investments in certificates of deposit, with original maturity greater than ninety days, are valued at cost which approximates fair value. These investments are not classified in the fair value disclosures under ASC 820.

The following table summarizes the Organization's determination of fair value as of September 30, 2025 and 2024, on the following financial assets using these input levels that are measured at fair value on a recurring basis:

	2025			Fair Value

Total net assets released from restrictions	<u>\$ 6,824,156</u>	<u>\$ 5,953,606</u>

Note 9 – Endowment

The Organization's endowment was established in May 2013, and consists of a fund held by the Community Foundation whose investment guidelines are used to govern the investment decisions of the endowed funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted and Board designated endowments may fall below the level that the donor or Board requires the Organization to retain as a fund of perpetual duration. There were no such funds with deficiencies as of September 30, 2025 and 2024.

Note 9 – Endowment, Continued

Return objectives and risk parameters

The Community Foundation has investment and spending guidelines for endowment assets that attempt to provide a predictable stream of funding to specified programs supported by its endowment while seeking to maintain purchasing power of the assets. Under these guidelines, the assets are invested in a manner that is intended to produce results that exceed the price and yield results of multiple benchmarks based on the type of investment, while assuming a moderate level of investment risk.

Strategies employed to achieve objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on the Community Foundation's guidelines for investment making decisions, implementing a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Community Foundation targets a diversified allocation of the investments to achieve its long-term return objectives within prudent risk constraints.

Changes in endowment net assets for the year ended September 30, 2025 and 2024, are presented as follows:

	<u>2025</u>	<u>2024</u>
Endowment net assets, beginning of year	\$ 170,403	\$ 149,838
Activities during the year ended September 30, 2025:		
Net investment return	18,449	22,271
Fees	<u>(1,856)</u>	<u>(1,706)</u>
Endowment net assets, end of year	<u>\$ 186,996</u>	<u>\$ 170,403</u>

Note 10 – Pension Plan

The Organization maintains a defined contribution pension plan that covers effectively all employees. Contributions to the Plan for the years ended September 30, 2025 and 2024, totaled \$129,370 and \$144,808, respectively.

Note 11 – Contingencies

The Organization receives financial assistance from a local special district and other local governmental agencies in the form of grants. These activities are subject to audit by agents of the funding authority, the purpose of which is to ensure compliance with conditions precedent to providing such funds. Management believes that the liability, if any, for any reimbursement which may arise as the result of audits would not be material. The Organization is subject to certain risks arising out of the ordinary course of business. It is the Organization's policy to record the expense and associated liability whenever a loss becomes probable and estimable. Management does not believe it has any material loss contingency exposure at September 30, 2025.

Note 12 – Concentration of Credit Risk

Financial instruments which potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents. The Organization maintains its cash and cash equivalents in various bank deposit accounts which, at times, may exceed federally insured limits. Cash and cash equivalents exceeded the FDIC insured limit by \$536,793 and \$537,189, at September 30, 2025 and 2024, respectively. The Organization has not experienced any losses in such accounts.

Family First of Palm Beach County Foundation, Inc.
West Palm Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined financial statements of Children's Case Management Organization, Inc. d/b/a Families First of Palm Beach County and Families First of Palm Beach County Foundation, Inc. (combined, the Organization), which comprise the combined statement of financial position as of September 30, 2025, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements, and have issued our report thereon dated December 15, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit of the combined financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

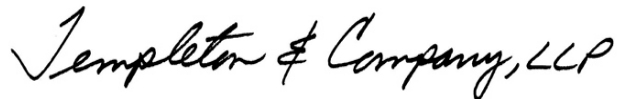

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's combined financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
